

## **Covid-19 Statement from Goodyear Golf Club:**

**UPDATE MAY 21, 2020: As of today we are allowing members of the same household to share a cart. All other provisions of our policy remain the same.**

As we all attempt to get through these unprecedented times in our society, it is the goal of Goodyear Golf Club to allow our patrons to enjoy a few hours in the great outdoors while not endangering others in our midst. We strongly encourage anyone that has traveled to or been exposed to anyone who has traveled to affected areas to be mindful of exposing others to the virus. We also strongly recommend following standard practices of washing hands frequently with soap and water, not sneezing or coughing into the air or hand and staying home if you are experiencing any flu or virus symptoms.

Accordingly, we are making changes to our operations until further notice following CDC guidelines. All high-touch surfaces (including golf carts) will be cleaned several times a day. In addition, water fountains, bunker rakes, ball washers and towels have been removed from the course and pro shop areas. Flagsticks should be left in place and not removed.

Cart procedures will also change in keeping with social distancing. Only one rider will be permitted per cart. Due to limited capacity, no carts will be rented to non-golfers. Tee times will be in effect on weekends and will be spaced 15 minutes apart. Members will have reservation priority for weekend tee times until noon on Wednesday. To help the pro shop with scheduling and allow us to guarantee the use of carts to our players, we will need to know the exact number in your group. As always, walking will be permitted.

We thank you in advance for your understanding in these difficult times, and look forward to the day when some semblance of normalcy returns to our lives. If you have any questions, feel free to contact us at 434-797-1909.
